

25 September 2026

Dear Rotary Friends,

This November, we invite you to cross the Atlantic and join your Rotary family in Lagos, Nigeria, for the **2026 West Africa Project Fair**. Rotarians from across West Africa will come together to share humanitarian projects developed in our communities and to meet international partners who can help us turn these opportunities into lasting impact. We are especially honored that **Rotary International President Olayinka “Yinka” Babalola will open this year’s Project Fair**.

But we want you to experience more than the Project Fair. We want you to experience **our Rotary**; to visit our communities, see projects firsthand, serve alongside us, learn about our culture, and, most importantly, build friendships with the Rotarians who are doing this work every day.

To facilitate your journey, we invited Howard Tours to organize a special International Partners Program to be designed to give our North American guests that opportunity, combining the Fair with project visits, community service, Nigerian culture, fellowship, and time together with your West African hosts.

Sometimes the most meaningful Rotary experiences begin by traveling beyond the places we know and meeting people whose commitment to service is much like our own. **Come to Lagos. Come see what Rotary is accomplishing in West Africa. Come meet the people behind the projects and discover the project and the friendships that your club or district will carry home with you.** We look forward to welcoming you to Nigeria and sharing our Rotary world with you.

With warm Rotary greetings from Lagos,
The Host Organizing Committee of the 2026 West Africa Project Fair

ROTARIAN BUKOLA BAKARE
DG 9111, 2026 - 2027

ROTARIAN LAYI ABIDOYE
DG 9112, 2026 - 2027
